**Employment**  
**College/Sixth Form**  
**Apprenticeships**

Paper 3 resource booklet released 12 weeks before exam. Drop down day

Paper 3 in class mock

Coastal fieldwork and write up (Brighton)

Coastal management

Types of waves

Coastal management at the **Holderness Coast**

Paper 1 and 3 mock

The Demographic Transition Model

Uneven development

**Economic development in Nigeria**

Changes in **South Cambridgeshire and Outer Hebrides**

UK's post industrial economy

Strategies to increase energy supply

Global patterns of energy

UK and the wider world

**RM: Energy**

Paper 2 mock

April - After school revision paper 2

**Chambamontera micro-hydro**

Sustainable energy supplies

Energy insecurity

Global distribution of food, energy and water

January - After school revision for paper 1

Developments in infrastructure

The north-south divide

**Causes, consequences and responses to desertification**

Life in the **Western Desert**

Exploring desert's characteristics

Exploring rainforest's characteristics

**Epping Forest**

**End of year test**

**11**

**Urban Issues**

Urban sustainability

UK population distribution

Urban change in **London**

Patterns of urban change

Urban slums

Urban growth in **Rio de Janeiro**

**Urban fieldwork and write up (Stratford)**

Urban regeneration in London - **Olympic Park**

**Natural Hazards**

Causes, effects and managing climate change

Evidence of climate change

How our weather our changing

Effects and response to **The Beast from the East**

Effects and responses to **Typhoon Haiyan**

Global atmospheric circulation

Living near tectonic hazards

Plate processes

Define natural hazards

Flood management at **Banbury**

River landforms along the **River Tees**

Cross and long profiles

**PL: Rivers**

Exploring the British landscape

Flood risk and hydrographs

Deindustrialization

Measures of development

Comparing **Nepal (LIC)** and **Chile (HIC)** earthquake

Managing tectonic hazards

Weather in the UK

Distribution and structure of tropical storms

Landforms created by erosion

Landforms created by deposition

Soft and hard engineering

Plate tectonics

Reducing crime

Climate change

Deforestation and its impacts in the **Amazon Rainforest**

Ecosystem's characteristics

**10**

**Changing High Streets**

How have high Streets changed?

Comparing calories

Conflict

Blood diamonds

**Elysia Sustainable catering**

Our impact on the planet

How rainforests can be sustainably managed

**Endangered environments**

Managing different environments

What is the climate like in Russia and Brazil?

What makes Russia and South America unique?

Locating rainforests

Most polluted place in the world

Causes, consequence and responses

The Impossible

Exploring Africa's regions

Exploring High Streets

**The Crystal**

Deadly diseases

Population growth in Africa

Fieldwork write up

How does sport vary across the world?

Reducing the impact of earthquakes

Living dangerously

Mapping Asia

The Three Gorges Dam

Deptford V Canary Wharf

**Asia**

China's One Child Policy

Working sweatshops sustainable

Sweatshops

Consumerism

Globalisation

Reducing the impact of volcanoes

Volcanoes

Earthquakes

Plate tectonics

The structure of our planet

What makes N.America unique

**N.America**

**9**

**Sport**

Designing your own sport mascot

London Olympics

Sustainable stadiums

End of year test

What makes N.America unique

**Tsunamis**

Disaster game

Natural hazards

Chernobyl

Coastal processes

Erosional landforms

Erosion mystery

Fieldwork write up

**Improving Fordham Park investigation**

Where do people live?

Rainforest characteristics

Rainforest guest speaker

Managing different environments

What is the climate like in Russia and Brazil?

What makes Russia and South America unique?

Locating rainforests

Most polluted place in the world

Causes, consequence and responses

The Impossible

Exploring Africa's regions

Exploring High Streets

Volcanoes

Earthquakes

Plate tectonics

The structure of our planet

What makes N.America unique

**N.America**

**8**

**Contrasting Places**

How can we manage flooding?

How do we use the River Thames?

How does erosion shape rivers?

Deptford Microclimate

Extreme weather

Flooding in the UK

Why don't we always get the same weather?

How do we measure weather?

Coastal defences

End of year test

Coastal virtual fieldwork

Longshore drift

Was the World Cup in Qatar worth it?

How has the UAE developed?

How do desert plants and animals adapt?

Black gold

How could I survive in a desert?

Desert landforms

Introduction to deserts

Physical regions in the Middle East

How is climate and ecosystems link?

How is chocolate made?

Uses of tourism

Nissan

Where's best to build a factory?

Why isn't farming popular in the UK?

What are the different types of jobs?

Saving coral reefs

The destruction of coral

Introduction to coral reef

What key geographical events have happened?

What are the different types of rock?

What is fieldwork?

How do I complete a risk assessment?

Defining geography

Mapping the UK

**Physical and human interaction**

**Geology Rock**

**7**

**Transition**
