

Deptford Green School's EAL student assessment description:

<https://flashacademy.com/assessments/>

*FlashAcademy® Proficiency Assessment is a new feature and provides a simple, digital way to assess English proficiency, saving huge amounts of time for teachers. Developed alongside existing frameworks, the assessment provides an easy way to keep track of pupil proficiency and stores a record of pupils' writing and speech to clearly demonstrate progress over time*

*Providing teachers with a simple solution to baseline and track progress for EAL students, with one digital dashboard.*

*Evidence pupil proficiency regularly across the four key skills. Your dashboard will keep a clear record of the proficiencies of your pupils and allow you to track progress for pupil, class, or school. The comprehensive assessment dashboard provides granular insights into pupil's skills whilst recording their answers to track progress over time.*

*The digital assessment is adaptive and takes a maximum of 35 minutes. Pupils can work through the test completely independently. All reading and listening skills are auto marked and all speaking and writing responses are saved for easy review.*
