

27.09.2022

Dear Parent/Carer,

Over the last year, external factors, in particular the cost of living and energy price crises, have led to increased pressure on school budgets.

As a result, we have taken the decision to create a School Fund. This will allow us to carry out projects and activities over and above what Government funding makes possible. Our School Fund will be built up from financial donations from parents and carers and is held separate to other funding. Use of the School Fund will be managed by the Governors.

Generous giving by you, our parents and carers, will mean that the School Fund can thrive for the benefit of all students. You will be able to make donations via ParentPay, supporting the school in offering all our students an excellent provision both inside and outside the classroom.

If you have any queries concerning donating to the School Fund, please contact us at info@deptfordgreen.lewisham.sch.uk

Thank you for supporting your child's education, and that of all the students at Deptford Green.

Regards,

Emma Thurston
